Reminders for groups

- Arrive 15 minutes before your slot, with the system already installed and running on your device.
- Demonstrate a 100% working core system based on your approved requirements and design specifications.
- Print your paper and the rubrics in 3 copies, one for each panelist.
- Prepare a PowerPoint presentation of 7 to 10 slides only.
- Every member must be ready to answer panel questions on their own part of the system.
- Bring printed copies of the rubric with your project title and members filled in.
- Revisions from the panel are due in Week 15 (Pre-Final Evaluation and System Revision).

- Each group must prepare food for the panelists based on its time slot (see Food and refreshments below).

Food and refreshments

Each group prepares food at least for the 4 panelists, according to its time slot. Prepare solo meals or individually packed portions (one pack per panelist) for easy serving. The same applies on all three days.
